

Murder trial begins in Max Martin case

Defendant Jonathan Young faces multiple charges

The trial for accused Jonathan Young, 24, Garrett Rd., Glasgow, who was arrested on Aug. 30, 2010 on multiple charges including murder, complicity to commit murder, arson in the first degree, complicity to commit arson, robbery in the first degree and complicity to commit robbery first degree in the death of Thomas “Max” Martin, 68, of 1600 Hope Rd., Summer Shade began on Tuesday, May 8.

Young, and Jessie Parke, 23, of Edmonton Rd., Summer Shade, were both arrested four days after the body of Martin was located in the rubble of his home, which had apparently burned in the early morning hours of Aug. 19, 2010.

Firefighters from the Monroe County Fire and Rescue Squad arrived at the home and found it engulfed in flames and noticed that a vehicle was present in the driveway of the home, taking extra precautions with the scene in case the owner of the vehicle was still inside.

Upon entering the remains of the home, firefighters discovered a badly burned body and contacted the Kentucky State Police. KSP Detective Michael Dubree arrived shortly thereafter and called in KSP Arson Investigator Alex Wesley. The detectives then found Martin’s body inside the home and sent it for autopsy.

Young, whose trial is scheduled to continue until Friday, May 18 according to *CourtNet.com*, is being tried first with Parkes’ trial to be held separately.

Jury selection begin early on Tuesday morning, with Judge Eddie C. Lovelace presiding. Lovelace had previ-

Annual Fountain Run Barbecue Festival plans outlined

The annual Fountain Run Barbecue Festival will be held in downtown Fountain Run May 18-19, starting late Friday afternoon and continuing through Saturday night.

As in the past, the festivities will also include plenty of barbecue, a pancake breakfast and various other foods, plus a Parade, Car Show, 5-K Fun Run/Walk, Talent Show, Cake Walk and Cake Auction, kids’ rides and games, political

speaking, a Barbecue Sauce Contest; gospel, bluegrass and country music; raffle and give-away and many other activities.

The 5-K Run and Walk will again open the festival, starting at 6 p.m. on Friday night, May 18. The Walk is for anyone age 12 and over, with males and females competing together for cash prizes.

Again this year, a Cake Walk (at 6 p.m.) and Talent Show (starting at 7 p.m.)

also will be among the Friday night events. The Silver Eagle Band will play from 8 to 9 o’clock.

As in past years, Saturday’s activities begin with a Pancake Breakfast at the Firehouse, starting at 6 a.m. (kids 6 and under eat free).

Booths will also be selling arts, crafts, food and a variety of other items. (Booth spaces are still available — for information, call 434-2915 or 427-7124).

Registration for the Roll-

ing Rods Classic Car Show, to be held in downtown Fountain Run, will be from 9 a.m. until 12 (\$15 entry fee). This year’s show will also include motorcycles and antique tractors. Awards will be presented at 3 p.m.

The annual Parade starts at 10 a.m., followed by a Fun Run for kids (ages 2-12), kids’ games, Political Speaking, and Cake Auction.

A new event this year will

May 13-18 is Relay for Life Week

Next week — May 13-18 — is Relay for Life Week in Monroe County, with activities planned every day leading up to the annual Relay for Life event on Friday night, May 18.

Monroe County’s 2012 Relay goal is to raise \$64,000 for the fight against cancer, and the 12-hour Relay event at Darrell Carter Stadium (the MCHS football field) will celebrate the fundraising efforts of 21 local Relay teams. The public is invited to attend any or all of the celebration, which begin at 6 p.m. on Friday night.

Everyone also is urged to take part in the Relay Week activities, which start Sunday.

Sunday May 13, is Prayer Day, when church groups and individuals are urged to say a special prayer for the individuals fighting cancer and their families, as well as those who have

lost loved ones to cancer, and for the the success of Monroe County’s Relay for Life and the research efforts to find a cure for cancer.

Monday, May 14, is Paint the Town Purple Day, when everyone is asked to wear purple or Relay gear and to decorate businesses, homes, autos with purple bows, ribbons, paint, etc., leaving decorations on display through Friday night to show support for the local Relay event.

Tuesday, May 15, is Luminaria Day, when everyone is urged to purchase a luminary to be displayed at the Relay for Life event in memory or in honor of a loved one who has been a victim of cancer (see any Relay team member or call 270-427-8311 for details on purchasing a luminary).

Wednesday, May 16, is Fellowship Day, when everyone is urged to call,

visit or send a card to someone who is a cancer survivor.

Thursday, May 17, is Lights on for a Cure Night. Everyone is urged to leave your porch lights on all night as a reminder that “cancer never sleeps” and that all need to keep up the fight to find a cure for cancer.

Friday, May 18, is Cancer Survivor Appreciation Day and Relay Night. Everyone is urged to remember cancer survivors (and give them a hug) and to attend the local Relay for Life event that night, which will include live entertainment and numerous activities, in addition to special ceremonies.

For information about this year’s Relay, contact Wendy Smith (427-6195) or Sandra Roderick (427-6479), 2012 co-chairs, email wsmith.mmec@gmail.com or talk to the members of any of the Relay teams.

Relay for Life Week Proclamation signed

May 13-18 is Relay for Life Week in Monroe County, with activities planned every day leading up to the actual Relay event on Friday night, May 18. A proclamation to that effect was signed last week by Judge/executive Tommy Willett; with him here are some of the members of the local Relay for Life Committee. The proclamation points out that funds raised through Relay for Life efforts go to the American Cancer Society, "the official sponsor of birthdays, to help create a world with less cancer — and more birthdays." These funds help people stay well, get well, find cures and fight back against cancer, the proclamation states.

Beg your pardon...

We would like to clarify some facts from last week's report concerning the Emberton and Glaze wreck that occurred on County House Road Saturday, April 22. According to the accident report, Glaze left the scene of the accident before first responders arrived and went to a house near the scene of the accident with another person reporting they were the driver. She was later cited for no operators license, which was inadvertently left out of the initial report. However the accident report

showed no factors in Glaze's actions that contributed to the accident. As the Unit 1 vehicle listed on the report, Sheriff Roger Barlow noted that Emberton was driving in excess of the stated speed limit and that inattention on his part were both factors that contributed to the wreck. Also, the age of one of the passengers in Emberton's vehicle — Amber Creek, had her age incorrectly listed, she is 16, and Makensey and Makayla Walden who were also passengers, are 11.

SHOOTING

CONTINUED FROM PAGE A-1

Deputy Sheriff Lucas Gerards reported the incident is still under investigation and Kentucky State Police were contacted to take over the case. The victim was taken by ambulance to the

Monroe County Medical Center and then taken via Air Evac to Nashville for treatment of his injuries. The names involved had not been officially released at press time.

LAW ENFORCEMENT REPORTS

Monroe County Sheriff's Office April report

Monroe County Sheriff Roger Barlow has released the April activity report for his office, noting 247 calls for service answered. Those calls resulted in five criminal arrests, two DUI arrests, 18 criminal investigations, four injury accidents worked, two drug related arrests, two meth lab investigations and one meth related arrest.

Barlow and his deputies also served three emergency protective orders, two criminal papers, 19 warrants,

worked 13 non-injury accidents, made one alcohol arrest and responded to 12 burglar alarms.

They also issued four citations, served 19 civil papers, 30 subpoenas and four eviction notices.

Finally, officers conducted 102 auto inspections, three juvenile transports, four mental health transports, three "other" prisoner transports, drove 1232 transport miles and logged 516 court security hours.

CIRCUIT COURT CLERK

You know me.
You know my record.

I want to thank you all for choosing me as your Circuit Court Clerk in the past. My staff and I have tried to make the Circuit Clerk's office an office that Monroe County could be proud of. I hope that we have accomplished this goal.

I will continue to be the best clerk that I can be. The job will continue to be done in an honest, efficient, dedicated, and friendly manner. I will also continue to be your 24 hour clerk. Many of you have called and came by my house after hours and I have always been there to help. I will continue to help because that's what I enjoy doing.

I am asking you all to go to the polls on May 22nd and re-elect me, Joyce Emberton, as your Circuit Court Clerk.

Thanks,
Joyce

Local residents asked to help with cancer research effort

Residents of Monroe County and surrounding communities have an unprecedented opportunity to take part in a historic study that has the potential to change the face of cancer for future generations.

Men and women between the ages of 30 and 65 who have never been diagnosed with cancer are needed to participate in the American Cancer Society's Cancer Prevention Study-3 (CPS-3). CPS-3 will enroll a diverse population of up to half a million people across the United States and Puerto Rico.

The opportunity for residents to enroll in CPS-3 will take place at the Relay For Life of Warren County at Bowling Green High School on June 1 between 5:30-9:30 p.m. These volunteers will help researchers better understand the lifestyle, environmental, and genetic factors that cause or prevent cancer.

To enroll in the study, individuals complete two steps, one in person and one at home. As part of the in-person enrollment, individuals complete a brief written survey, have their waist measured, sign an informed consent, and give a small blood sample. The enrollment process is complete when individuals complete the more comprehensive baseline survey. Over the course of the study — which is anticipated to last 20 to 30 years — participants will be asked to fill out follow-up surveys every few years that will be sent to their home.

"Many individuals diagnosed with cancer struggle to answer the question, 'What caused my cancer?' In many cases, we don't know the answer," said Alpa V. Patel, PhD, principal investigator of CPS-3. "CPS-3 will help us better understand what factors cause cancer, and once we know that, we can be better equipped to prevent cancer."

"Our previous cancer prevention studies have been instrumental in helping us identify some of the major factors that can affect cancer risk," Patel added. "CPS-3 holds the best hope of identifying new and emerging cancer risks, and we can only do this if members of the community are willing to become involved."

Researchers will use the data from CPS-3 to build on evidence from a series of American Cancer Society studies that began in the 1950s that collectively have involved millions of volunteer participants.

The Hammond-Horn Study and previous Cancer Prevention Studies (CPS-I, and CPS-II) have played a major role in understanding cancer prevention and risk, and have contributed significantly to the scientific basis and development of public health guidelines and recommendations.

Those studies confirmed the link between cigarette smoking and lung cancer, demonstrated the link between larger waist size and increased death rates from cancer and other causes, and showed the considerable impact of air pollution on heart and lung conditions.

The current study, CPS-II, began in 1982 and is still ongoing. But changes in lifestyle and in the understanding of cancer in the more than two decades since its launch make it important to begin a new study.

The initial enrollment process takes about 30 minutes at the Bowling Green event and an additional 45 to 60 minutes at home to fill out the more comprehensive baseline survey. Periodic follow-up surveys of various lengths are expected to be sent every few years to individuals. The voluntary, long-term commitment by participants is what will produce benefits for decades to come.

"Taking an hour or so every few years to fill out a survey — and potentially save someone from being diagnosed with cancer in the future — is a commitment that thousands of volunteer participants have already made. We're looking for more like-minded individuals in and around Monroe County to join this effort that we know will save lives and improve the outlook for future generations," said Patel.

For more information or to learn how to become involved with CPS-3, visit cancer.org/cps3, email cps3@cancer.org, or call toll-free 1-888-604-5888.

YOUTH BEEF SHOW CLINIC

Have you ever wanted to show cattle but just didn't know where to begin? Maybe you've been showing for several years but would like to brush up on your skills in the show ring? Saturday, May 12 will be an opportunity for you to learn new skills and master skills you may already have at the 4-H Beef Show Clinic. The clinic will begin at 9:00 a.m. with a workshop on grooming your animal for shows presented by Bob Johnson. At 10:30 we will begin with the showmanship workshop. Ken Johnson will work with youth to teach them how to lead their animal in the ring, how to prepare yourself and your animal for the show season, and how to work with the judge during the show. Lunch will be provided at noon by CPC Commodities. 12:30 will be a question and answer session with Bob and Ken and we will also bring in Bart Branstetter. Bart is with the Office

of the State Veterinarian and will talk to participants about what he will be checking when you enter a cattle show. The Kentucky Department of Agriculture will present information on the Kentucky Proud Tag program for Kentucky livestock and we will have a statement from the Commissioner of Agriculture, James Comer. There is no registration fee for this program and youth do not have to be a member of 4-H to participate. Participants do not have to bring an animal to the workshop. Animals will be provided by members of the 4-H Beef Club and the Johnson's. There is no pre-registration required. The program will take place at the Monroe County Fairgrounds on Saturday, May 12 beginning at 9:00 a.m. For more information contact, Susan Turner at the Monroe County Extension Office at 487-5504 or email susan.turner@uky.edu.

Health Department to hold rabies clinic

With warm weather approaching, attention turns to the outdoors. Outdoor activities may also include family pets. Vaccination against rabies should be taken when family pets are outdoors. Rabies is a viral disease of the central nervous system, usually caused by the bite of an infected animal.

To help protect pets from rabies and other diseases, the Monroe County Health Department will host a rabies clinic on Saturday, May 16, from 4:30 to 6:30 p.m. The clinic

will be in the health department parking lot, located at 452 E. 4th Street in Tompkinsville. Cost is \$5 per animal. The shots will be administered by Joe M. Staples, DVM of Austin. Make sure your pet is on a leash.

Rabies is preventable. Vaccinate your pets and always use good judgment when approaching wildlife or unknown animals. Call the health department at 270-487-6782 with any questions.

The Prom and Me

By Eric Pitcock.

Preacher at the Gamaliel church of Christ.

As the weather warms and schools begin plans to conclude another school year, plans begin for the yearly bash known as the senior class prom. Young teens and parents begin to talk about what they will wear and what they will do for the prom. Tuxedos are bought, the location is picked, themes are discussed and before you know the lights dim, the fog rises and teens hit the dance floor. Many picture this night as a night of precious memories that will last forever and if not embraced then you will surely regret it. I would suggest that the tragedy, especially for a Christian, would not come as a result of not going to the prom but of going and participating with worldly endeavors.

I would like to present to you some things to consider as a Christian before making a decision to attend the prom. First of all dancing is not inherently evil because we do have some approved examples of dancing in the Bible. After the defeat of the Egyptian army, Miriam led the women in a dance in Exodus 15:20. *Then Miriam the prophetess, the sister of Aaron, took the tumbrel in her hand; and all the women went out after her with tumbrels and with dances.* Another approved example of dancing in the Bible is when David danced before the ark of the Lord as it was brought into Jerusalem in 2 Samuel 6:14. *Then David danced before the Lord with all his might; and David was wearing a linen ephod.* The book of Psalms also speaks of acceptable dance in Psalms 149:1-4 ¶ Praise ye the LORD. Sing unto the LORD a new song, and his praise in the congregation of saints. 2 Let Israel rejoice in him that made him: let the children of Zion be joyful in their King. 3 Let them praise his name in the dance: let them sing praises unto him with the tumbrel and harp. One last and final example is when Jephthah's daughter greeted her father with a dance when he returned from war in Judges 11:34. *And Jephthah came to Mizpeh unto his house, and, behold, his daughter came out to meet him with tumbrels and with dances; and she was his only child; beside her he had neither son nor daughter. These are all examples from the Bible where people danced and it was not sinful but notice the reasons, and the circumstances surrounding these examples. First of all notice these dances was an expression of joy or religious enthusiasm and the circumstances could not have involved lustful, lascivious, or provocative moves like the modern dance. I would not expect the prom to have dancing like the above examples.*

The type of dancing that goes on at the prom could be summed up with one word. Lascivious. Lascivious is a semi-technical term indicating immoral sexual thoughts or actions. This word lascivious is synonymous with **lustful** or **lewd** or **unruly**. Lasciviousness is "indecent bodily movements, unchaste handling of males and females" (Thayer's lexicon, p 79-80). Advocates of the modern dance and prom need to understand that this is exactly the kind of dance occurring at the prom. In two separate studies, 80 percent and 93 percent of boys said they were thinking sexual thoughts while dancing with their girlfriends. Causing another to sin is serious. "But whoso shall offend one of these, which believe in me, it was better for him that a millstone were hanged about his neck, and that he be drowned in the depth of the sea" (Matthew 18:6). Who could honestly picture Christ dancing at a prom with the knowledge that his dance will cause another to stumble? (cf. 1 Peter 2:21-22).

In order to prove my point that the prom is heavily rooted in lascivious behavior we need to examine the environment of the prom. First there is the issue of the immodesty of today's prom dresses. Notice the description from prom-dresses.com of what many girls will find while looking for a prom dress; "a prom gown gracefully drapes every curve. A stunning bust line is beautifully complimented by a daring open back and a sexy side slit." Notice the descriptive phrases of these dresses: drapes every curve, sexy slit, open back. Is this how a lady professing Godliness is supposed to dress? What are these types of dresses worn for? The answer is to attract and bring attention to them and every year the dresses get shorter and more revealing. One officer that patrolled the prom said, "I was shocked at the way those girls dressed", "I could not believe people would let their kids wear the attire of a harlot." Is this the kind of dress that professes Godliness (2Tim 2:9-11)? Besides even if you are not dressed immodestly, the lustful desires of the heart bombard your every move at an event such as this. One writer noted, "We read in Proverbs 7:10 that "the attire of a harlot" can allure man into sin. Does lust stop when a Christian woman wears the same attire? We know it does not. Should a Christian woman wear clothing that would resemble the world? If she does, where is her heart? Should there be any doubt that the attire is that of someone professing godliness and good works (1 Tim. 2:10)?" Yet many want to rush their children to places where nakedness in the sight of God is most often the normal attire than not. Jesus spoke of adultery in the heart as being lustful looks, heed the words of Jesus, Mt 5:28 But I say unto you, That whosoever looketh on a woman to lust after her hath committed adultery with her already in his heart. What do you think your son is going to think about when he sees a young lady in a short dress, low cut with a slit up to the thigh? Dear reader I would submit that there are a lot of young people being prompted to lust in their heart from the scantily clad dress associated with the modern dance. Why put yourself in this situation? Jesus said it would be better to go to heaven maimed than to burn in hell with all your limbs (Mat 5:30). Perhaps you are saying, but they could see much worse on tv or at the beach. You are exactly right, they could see worse on tv or at the beach? So tell me, how using the tv and beach makes going to lascivious dances justifiable. Perhaps a person that frequents strip clubs said, "I could see just as much at home or on the computer." Pointing to other sins to make one sin look innocent is a faulty argument and does not stand up to God's standard.

I recently ran across an article from a brother named Timothy Kidwell who added these helpful comments for those who advocate they can be in a sin saturated environment and not be drawn into temptation by lusts via the environment. "Does God approve of the Christian recreating in an atmosphere of near nudity? Paul told Timothy, "Flee also youthful lusts: but pursue righteousness, faith, love, peace, with those who call on the Lord out of a pure heart" (2 Tim. 2:22). How does one pursue righteousness by purposefully placing themselves in the atmosphere of sin? At this point some will argue, "Then it is wrong to go to the grocery store because there will be some people who are dressed immodestly there." Those who use this argument are only trying to justify that which is not consistent with godliness. Of course it is impossible to escape all the sexually immoral of this world. One would have to "go out of the world" to obtain the perfect atmosphere (1 Cor. 5:10). Since God says that we are to save the lost, and at the same time flee lust and abstain from every form of evil (1 Thes. 5:22), it should be obvious to the honest heart that there are

some places a Christian should not go and some activities they should not participate in. Some environments promote sinful behavior and dress (bars, public pools, etc.). Often we are exposed to the same indecency at the grocery store or shopping center, but during these times we must remember who we are, children of God, and yield not to temptation. We must be strong like Job who said, "I have made a covenant with my eyes; why then should I look upon a young woman" (Job 31:1). An atmosphere does not become sinful just because some choose to sin, but some places promote an environment of sin. Christians will not go to or remain in such a climate. While Jesus did eat with sinners, we do not read of him going into an atmosphere of sin to be with them. He attracted sinners to himself." The gist of the situation is that immodesty, lascivious dance, and the closer than normal contact young teens have at these dances are all ingredients of an environment that will promote sin.

To prove the case let's start with the simple and work to the more difficult. Would it be wrong for a Christian to go to a gay dance club if no drinking was occurring? Who among us would say it's acceptable to go to a gay dance club even if alcohol was not sold? What about a bikini car wash? What about a bar? Could I drink water from a whiskey bottle in public? What makes these things wrong to participate in or be associated with? These are all places that a person professing Godliness should not go. The approval of sin, scaring our example, and not abstaining or fleeing from sin is among some of the violations from being at these locations. These locations are associated with sin and are not looked upon as producing anything moral or right. Therefore you abstain from these places. Sin is the identifying characteristic of these places (drinking, homosexuality, erotic dance) and nothing else; therefore we avoid them to flee from sin instead of running to it. We need to reprove these people and their actions instead of participating with them. Hear the words of Paul: Eph 5:11 And have no fellowship with the unfruitful works of darkness, but rather reprove them. What is the prom associated with? The prom is identified with the modern dance that one PHD of Pediatrics said was just, "sex with clothes on". Yet many professing Christians will run to the defense of it.

In Luke 5 Jesus did not watch those publicans and sinners during their sinful acts, yet many want to justify being present with sinners that are participating in lascivious sexual dances based on Jesus eating with publicans and sinners. His point in Luke 5 was to heal their sin sick lives through correction and not give you liberty to be at places that should be avoided. **Furthermore, it follows that we should limit our association with sinners to places and circumstances that do not promote and encourage their sin, avoiding places and circumstances of moral disrepute where people gather to commit immorality. Name one locations where people gather for no other purpose but to commit sin that you would say is acceptable to go. I realize many young teens are going to say, I just want to socialize. Then can a person go any place where people gather to commit sin with the Lords approval? Dear friend the prom is a gathering place for teens to engage in the lascivious dance and therefore should be avoided just like the gathering places for drunks, gays, and other worldly taverns.** I appreciate the comments of David Pratte in his article Avoiding Evil Companions While Befriending Sinners, "Jesus associated with sinners at morally upright or at least morally neutral places, such as meals in people's homes. Although He did try to teach prostitutes, there are no examples in which He frequented brothels to try to do so. Likewise, we

should not conclude that befriending sinners means we should go into the taverns and casinos or attend wild parties to try to find people to teach. We may teach those kinds of people, but we do it at other times and other places, where they are more likely to be receptive and where we are not so likely to be tempted to participate in or appear to justify sin. (Note Psalm 26:5; 1 Cor. 8:10-12)." At some point you are going to ask, well what about eating at a bar? I would say you need to avoid a bar because of what it is. A bar! A bar is associated with sin of many flavors so you should avoid it. I am not going into a bar for chips and salsa because it is a bar and associated with drunkenness and reveling (1Pt4:3).

The environment of the prom is one of sexual dancing and sexually explicit songs. Notice the words of one popular prom song by Madonna called Girls Gone Wild "My innihabitions gone away, **I feel like sinning**, you got me in the zone, D.J play my favorite song, **Turn me on**." Why would Madonna ask the D.J to play a song that would "turn her on" if dancing and music was just an innocent activity that could not provoke sexual thoughts? Consider the popular prom song "Sexy Back", by Justin Timberlake. Notice the sexual content in this song. "Dirty babe, You see these shackles, Baby, make me misbehave." What do you think goes through the minds of male and females closely embraced, touching one another with bodies meshed together while listening to songs about "sexual slaves, sinning, and turning me on?" These are only three of the top ten prom songs. We have not even looked at songs like "I Kissed A Girl and I Liked It," which promotes homosexual activity. Jesus may have eaten with publicans and sinners and he may have been around a prostitute but he never went to the local bar, or house of harlots to socialize. Why is it that we think we can go into these environments to socialize and not sin? These songs along with the lascivious moves of the sexual modern dance are all reasons to avoid the prom.

In the closing remarks I pray that this will help in some way and be an encouragement to abstain from this worldly annual event known as the prom. If it were the case that the prom was nothing more than kids sitting, eating, talking and playing games, then we could not say it's wrong. However due to the environment of immodesty, lascivious dance, and sexual songs we need to flee from it. I realize that we face these issues all the time but must we search for these worldly practices and deliberately put ourselves in these situations. I would also pray that perhaps in the future with the help of concerned Christians that we could provide an alternative that our kids could enjoy and make memories in a more wholesome way. I would like to leave you with the words of Steve Higginbotham from an article he adapted called "But It's The Prom". He wrote, "Young people keep the commitment that you made to the Lord. Guard your heart and mind from the "fleshly lusts that war against your soul" (1 Peter 2:11). And parents help your son or daughter make the right decisions. Sometimes, because of the tremendous peer pressure they are under, your children need you to say "no" for them. Help them to make Christ-focused decisions that will bring honor to God. We all need to quit acting and thinking carnally. Adults need to quit pushing and encouraging young people to immerse them in such a worldly event. And I think we need to be honest with ourselves and quit trying to defend things which are indefensible." Thanks so much for reading this article and to "God be the glory."

This was paid for and supported by the Gamaliel, Northwest, Phillipi, and Pine Branch churches of Christ.

MONROE COUNTY CONSERVATION DISTRICT 2012 COST SHARE PROGRAM ANNOUNCED

The Monroe County Conservation District will be accepting requests for cost share funding under the Kentucky Soil Erosion and Water Quality Cost Share and Environmental Stewardship Program beginning Monday, May 14, and extending through Friday, June 15.

The Kentucky Soil Erosion and Water Quality Cost Share Program along with the Environmental Stewardship Program are created to help agricultural operations protect the soil and water resources of Kentucky. These programs were established by the Kentucky General Assembly in 1994 and 2000. Over the 17 years of these programs, approximately \$120 million has been approved to plan, design and install much needed best management practices on approximately 14,200 farms to protect soil resources and water quality.

These annual cost share

funds are administered by conservation districts with priority given to animal waste related problems and agricultural district participants where pollution problems have been identified. Initial funding for the program will be provided by the Kentucky Department of Agriculture and now also utilizes the Tobacco Master Settlement Agreement Funds.

These programs are administered at the state level by the Soil and Water Conservation Commission and the Kentucky Division of Conservation, located in Frankfort. Applications are ranked statewide and approved for funding based on available funds.

For more information stop by the conservation district office located at 201 W. Paige St. Tompkinsville Ky., 42167, Monday through Friday from 8 a.m. to 4 p.m. Contact Jarad Bartley or Cheryl Graham at 270-487-6589 ext. 3.

"Growing Healthy Families ... Together"

FIVE FACTS ABOUT DIABETES

With so much health information readily available, it's often hard for the nearly 26 million Americans living with diabetes to separate fact from fiction. To help people with diabetes better understand how to manage the disease, the National Diabetes Education Program provides five facts about diabetes.

Fact #1: Diabetes is a serious disease. It can lead to serious complications such as heart attack, stroke, blindness, kidney failure, and lower limb amputations. People with diabetes can take steps to manage it and lower their risk for complications. Make healthy food choices, be physically active, and stay at a healthy weight. Good diabetes care includes managing the ABCs of diabetes—as measured by the A1C test, blood pressure, and cholesterol—to help avoid having a heart attack, stroke, or other problems.

Fact #2: The only way to know for sure what your levels are is to check your blood glucose. The absence of symptoms of high blood glucose is an unreliable guide for judging glucose control, since symptoms do not occur until blood glucose reaches high levels. Diabetes is often called a "silent disease" because it can cause serious complications even before you have symptoms. Set your blood glucose targets with your diabetes care team. Ask your health care team to show you how to self-monitor your blood glucose. Keep a record of your results, and share them with your team. Also, know your A1C goal and keep a record of your test results, which reflect your average blood glucose levels over the past three months. It is the best way to know how well your blood glucose is controlled overall.

Fact #3: Small amounts

of foods that contain sugar can be part of a healthy meal plan. If you choose to eat sweet foods, just have a small amount at the end of a healthy meal, not every day, or have a piece of fruit rather than a sugary snack.

Fact #4: A healthy meal plan for people with diabetes is a healthy meal plan for everyone. Eat foods that are high in fiber and low in saturated fats, trans fats, cholesterol, salt (sodium), and added sugars. Healthy foods include a colorful mix of fruits and vegetables, fish, lean meats, chicken or turkey without the skin, dry peas or beans, whole grains, and low-fat or skim milk and cheese. Ask your health care team for a healthy meal plan.

Fact #5: Physical activity is safe—and essential—for people with diabetes. Talk to your health care team about ways to safely increase your daily physical activity. Being physically active can help people with diabetes improve their blood glucose, cholesterol, blood pressure, and weight. It also helps improve strength, flexibility, and balance. Start by setting small goals until you reach at least 30 to 60 minutes of physical activity on most days of the week. Brisk walking is a good way to move more.

All Veterans Reunion to be held in Lawrenceburg

The 6th Annual All Veterans Reunion in Kentucky will be held Friday and Saturday, May 18-19, at the American Legion Fairgrounds in Lawrenceburg. A new feature of this year's reunion will be the "Scott Harper Memorial Motorcycle Run and Show."

The Lawrenceburg Fairgrounds, owned and operated by American Legion Post 34, is known for being the permanent location of the "Healing Field," founded by the Ladies Auxiliary of the American Legion of Kentucky. Each flag at the field honors a service man from Kentucky or stationed at bases in Kentucky killed in Iraq or Afghanistan. The Healing Field at Lawrenceburg is the only one in Kentucky, and among the few such memorials throughout the nation.

A candlelight service will be held at the Healing Field on Friday, May 18, beginning at 8 p.m.

Official opening ceremonies for the reunion will be on Saturday, May 19, at 12 noon. There will be live

entertainment both Friday and Saturday. A number of vendors offering caps, patches and military memorabilia will also be on hand, as will several non-profit organizations. The motorcycle show will be Saturday afternoon.

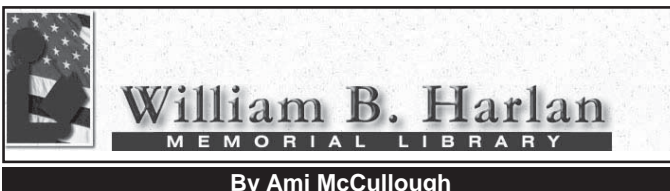

The motorcycle run, while being staged as part of the All Veterans Reunion program, will be held on Saturday, May 12. Entry fee for the run, which will begin and end at the Healing Field is \$10 per bike. The motorcycle show will be held on Saturday, May 19.

Anyone wishing additional information about the reunion including the motorcycle run on May 12 should contact Mike "Hoss" Cartright at 502-229-8454. Information is also available on the reunion website: AVRINKY@org. Motel accommodations are available at the Lawrenceburg Best Western, and camping sites are available at the fairgrounds.

No registration is required to attend the reunion and admission to the fairgrounds is free.

Monroe Aquatic Club receive awards for successful season

The Monroe Aquatic Club (MAC) has had a successful year with 24 swimmers all season. MAC participated in 12 swim meets across the state of Kentucky and one meet in Nashville. On April 27, Monroe Aquatic Clubs' swimmers received a trophy and medallions for various awards.

Swimmers earn points for the team when they place in an event at a swim meet. At the end of the season, points are calculated and swimmers are notified of the points they earned and receive a High Points Award.

The following ten swimmers received high point awards: Mariah Cleary,

Dalton Stoops, Cheyenne Walden, Connor Richardson, Nolan Boyles, Ty Rich, Tylor Proffitt, Riley Burroughs, MaKenna Rouse, and Leigha Guffey. Swimmers also received awards for time improvements. MAC had one swimmer, Mariah Cleary, to advance to the State Championship and receive an award.

Shown above are members of the Monroe Aquatic Club who received end of season awards. Shown from left are (front) Leah Emberton, Kaitlynn Cornwell, Reagan Comer, Katie Copas, Brynley Starnes, Ellie Copas, and Bryce Warren, (second row) Tylor Proffitt, Lydia Emberton, Riley Burroughs, Nolan Boyles, Ty Rich, Sydney Starnes, Mallory Thompson, and Coach Andrea Starnes, (back row) Coach Dawn Cleary, Courtney Cornelius, Kelsey Rhoton, Connor Richardson, Mariah, Cleary, Cheyenne Walden and Hannah Guffey. Not shown are MaKenna Rouse, Dalton Stoops.

“Run for the Troops” race a success

The 5k “Run for the Troops” race was held on April 28. The run was sponsored and/or assisted by Joyce Emberton, Edmonton State Bank, Larry

Tim Ross, Red Barn Bar-B-Que, Kerrie Burgess, Monroe County Ambulance Service, Tompkinsville Police Department, Monroe County Sheriff, Michele

Wheat, the National Guard and their families, Doug Rush, IGA, Monroe County Wellness Center, and the Monroe County Fire Department.

Monroe vs. Campbellsville results in a win

Makayla Grider

Sarah Eaton

Aubry Wright

— By Coach Collins

The Lady Falcons hosted the Campbellsville Lady Eagles on Thursday, May 3. The Lady Eagles jumped out to a 1-0 lead going into the bottom of the first inning. The Lady Falcons quickly bounced back with a single by Sophomore Makayla Kirk and an RBI double by Sophomore Brandy Ethridge allowed the courtesy runner, Freshman Darla Sawyer, to score. Campbellsville was not going away so easy and returned the favor to Lady Falcons with a double, followed by a single, and then an error to score two more runs leaving the score 2-1 in favor of the Lady Eagles. The Lady Falcons battled back with a single by Sophomore Haven Eubank and a double with an RBI by Sophomore Aubrey Wright. An RBI by Sophomore Brianna Coomer tied the score at 3 going into the top of the third inning. The Lady Falcon's defense went to work going 3 up and 3 down for the next two

consecutive innings. Runs by Ethridge and Sophomore Emily Hudson gave the Lady Falcons a 5-3 lead. The fourth inning saw more hits and runs by the Lady Falcons. Sophomore Mikayla Grider found herself on first by a Lady Eagle error and then an RBI double from Kirk allowed Grider to score. Ethridge scored Courtesy Runner Sawyer with an RBI double followed by Sophomore Lacey Rhoton advancing to first on another Campbellsville error. In the next play, Rhoton stole second base which set up a steal at home for Ethridge. Hudson advanced Rhoton into scoring position with a sacrifice fly to center field. Rhoton then scored on a RBI bunt by Wright moving the score to an 11-3 lead. Once again, the Lady Eagles were held scoreless by the Lady Falcon defense in the top of the fifth inning. In the bottom of the fifth inning, Coomer got on base with a single. Pinch runner, Senior Kayla Tallent,

advanced to second when Grider was given a walk and then to third on a pass ball. Kirk hit an RBI sacrifice fly to center field, which allowed Tallent to score, making the score 10-3 going into the top of the sixth inning. The Lady Eagles bounced back in the sixth inning with two hits which scored one run bringing them a little hope going into the bottom of the sixth inning. The Lady Falcons were determined and rallied once again with a lead-off single by Rhoton. An error by the Lady Eagles advanced Rhoton and gave Hudson first base. With an injury, Sophomore Kaylee Copas came in to pinch run for Rhoton. A 2-run RBI double by Wright scored Copas and Hudson. An RBI double by Freshman Sara Wilson scored Wright and then a RBI single by Coomer scored Wilson making the score 14-4. The mercy rule was then in effect, allowing the Lady Falcons a solid win over the Campbellsville Lady Eagles.

Lady Falcon Softball hosted first Little Lady Falcon night

The Lady Falcon softball team hosted the first annual Little Lady Falcon night on Thursday, May 3, prior to their exhibition game against the Campbellsville Lady Eagles. The Little Lady Falcon night

was designed to show young ladies in the community the excitement of high school softball and to allow them to be part of the Lady Falcon program. Each member of the Lady Falcon team chose a

younger girl to represent them on the field at Thursday night's game. The team and the coaching staff pointed out how much they appreciated all the parents for making Little Lady Falcon Night such a success.

Shown above is a group picture taken at the first annual Little Lady Falcon night. Lady Falcon Softball team members are shown along with the younger girl chosen to representative them on the field.

Kentucky residents may win iPad From KHEAA

Kentucky residents may register to win a new iPad from the Kentucky Higher Education Assistance Authority (KHEAA) in a drawing being held through Facebook this month. The deadline for entering is 12:01 a.m. on Friday, June 1.

To enter, Kentucky residents must visit the KHEAA Facebook page at www.facebook.com/KHEAA and click on the orange graduate icon on the KHEAA Facebook page. After answering a question about college and liking KHEAA on Facebook, individuals are registered. KHEAA will not share any

information or sell any information to a third party.

Only Kentucky residents are eligible. Employees and immediate family members of employees of KHEAA or its sister agency, the Kentucky Higher Education Student Loan Corporation (KHESLC), are not eligible.

The drawing will be held in early June, and the winner will be notified by e-mail. The winner must respond by e-mail within three calendar days to receive the iPad. If no response is received within three days, another winner will be drawn.

Tompkinsville principal graduates from WKU Doctoral program

Kirk Biggerstaff, principal at Tompkinsville Elementary School, recently graduated from Western Kentucky University's Educational Leadership Doctoral Program. His area of study was P-12 Administrative Leadership, with a dissertation topic entitled *The Relationship between Teachers' Perceptions of Elementary School Principal Leadership Style and Teacher Job Satisfaction*. Biggerstaff's educational background include a Bache-

lor's degree in Social Studies and a minor in History, a Master's degree in Library Media Education, Rank I in Instructional Leadership, and his Superintendent Certification, all from WKU. When asked what was on the horizon, Biggerstaff replied, "I plan on continuing to work as principal of Tompkinsville Elementary School. My ultimate goal is to become a superintendent of schools."

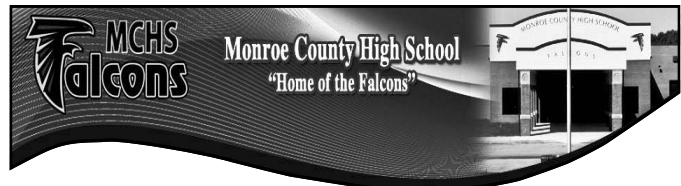

Local plays in the 2012 USGF Spring Bash

Malila Myatt, daughter of Mark & Stephanía Myatt and sister of Dillon, is shown here with her softball team *The Middle Tennessee Hustle*. The team placed third out of seven teams in the 2012 USGF Spring Bash held at Ridley Park in Columbia, Tenn., on Saturday, April 7. Team members are shown from left (front row) Cadence Carter, Abby Shoulders, Jaylín Gregory, Malila Myatt, Merissa Spivey, and Macy Meador, (back row) Coaches Nathan Gregory and Chad Shoulders, Myle Crowder, Addison Gooch, Madison Goodall, Madilyn Goodall, Emma Davis, Ashton Scott and Coach Clint Carter. Members of team are all from Tennessee except for Malila, who is of Tompkinsville.

MARY JO YOUNG SCHOLARSHIP

The Mary Jo Young Scholarship is named for former KHEAA Board of Directors member, Mary Jo Young, in recognition of her outstanding history of public service in her local community and for the Commonwealth of Kentucky to improve educational opportunities for Kentuckians. The scholarship is for high school students in grades 9 through 12 who are enrolled in dual credit classes at any college or university.

Students can receive tuition and book reimbursement for up to two courses each semester. Awards are made with priority to low-income students.

Applications for the 2012-2013 year are being accepted through Tuesday, May 15. To apply, go to www.kheaa.com, sign into Zip Access at the top of the page, choose "Apply Online for the Scholarships" then select the Mary Jo Young Scholarship application link.

May Money Tips for Students:

HOW TO MAKE IT, USE IT AND SAVE IT
LEARN TO BE CREDIT SMART

Students should be smart when it comes to managing their credit, according to the Kentucky Higher Education Assistance Authority (KHEAA).

Once you start paying bills, you start building a credit score. If you have a history of paying bills late, it will be reported to credit rating agencies and affect the interest rate you pay on credit cards and loans. It may also affect how much you pay for insurance and whether you are approved for renting an apartment.

A credit score is based on your payment history. Credit scores are used by lenders to help determine if applicants qualify for a credit card, loan, insurance or other services. Most credit scores estimate the risk a company incurs by lending money or providing a person with a service — specifically, the likelihood that the person will make payments on time in the next two to three years. Generally, the higher your credit score, the less risk

you represent.

Some people think you need a credit card to build a credit score. But if you open your utility accounts in your name instead of your parent's name, you can work toward building a credit score in six months.

A late or missed payment stays on your credit report for seven years, even if the creditor has been paid in full. It is better to start off on the right foot by establishing checking and savings accounts, using your credit cards sparingly and paying all of your bills on time.

KHEAA is the state agency that administers Kentucky's grant and scholarship programs, including the Kentucky Educational Excellence Scholarship (KEES).

To learn how to plan and prepare for higher education, go to www.gotocollege.ky.gov. For more information about Kentucky scholarships and grants, visit www.kheaa.com; write KHEAA, P.O. Box 798, Frankfort, Ky., 40602; or call (800) 928-8926, ext. 6-7372.

Financial Aid Tip of the Month, May 2012

MAKE COLLEGE MORE AFFORDABLE BY
SAVING MONEY ON NON-BILLABLE EXPENSES

When it comes to comparing the costs of various colleges, remember that on the broadest level, costs are divided into billable and non-billable costs. To save money, follow these tips from the Kentucky Higher Education Assistance Authority (KHEAA).

Billable costs are what you have to pay to start college. At a minimum, these costs include tuition and fees. If you're going to live in school-provided housing, billable costs will also include room and board. These costs are called billable because the school will bill you for them.

Non-billable costs include textbooks; supplies, such as pens and notebooks; transportation; and personal items, such as shampoo, clothes, entertainment, laundry, and other expenses.

Shopping around can help

save money, sometimes a lot of money, in room and board and the non-billable costs.

Textbooks are expensive, but you can save money by buying used books if possible. Renting textbooks is now an option at many schools. Buying notebooks, pens and other supplies in bulk can also help you save money.

If you're attending a school nearby, you can save room and board by commuting from home. It's also possible to cut room and board costs by sharing an apartment with friends. However, some colleges require freshmen to live on campus their first year.

If you are planning to go to college, it's a good idea to compare billable and non-billable costs at the schools you're considering. Once you've done that, you and your parents can discuss ways to save.

On Mother's Day, May 13, 2012
On a day of sun and sorrow,
While on earth, buttercups bloomed;
Mother was carried by angels to eternal glory,
Now rejoicing greatly with those she so missed.
We miss her heart so tender, with full of love,
Her beautiful smile, sweet laughter, her soft and kind words, and quiet ways.
Be assured, we will be together again someday,
With no more parting of our days.
Mother, we miss you so much,

140 In Memory

IN MEMORY OF HELEN PEDIGO

If Roses Grow In Heaven
If roses grow in heaven Lord
Please pick a bunch for me.
Place them in my
grandmother's arms
And tell her they are from me.

Tell her I love and miss her,
And when she turns to smile,
Place a kiss upon her check,
And hold her for awhile.

Because remembering
her is easy,
I do it everyday
But there is an ache within
my heart
That will never go away.

Happy Birthday Grandma

Love, Susan Yokley
